CL. 83.—Royal Warrant—Pay of Farriers for the provision of Iron, Fuel and Tools.

VICTORIA R.

WHEREAS we deem it expedient to revise, as a temporary measure, the pay for the provision of iron, fuel and tools required by Farriers of our Army on home service;

Our will and pleasure is that the first paragraph of Article 709 of our Warrant of 27th December, 1870, which fixes this pay at one halfpenny a-day, shall be suspended for period of six months, and that from the 1st January to the 30th June, 1873, Farriers on home service shall receive, for the provision of the materials and tools required by them in the performance of their duties, pay at the daily rate of three-farthings for each effective troop horse.

Given at our court at Balmoral, this 16th day of June, 1873, in the 36th year of our reign.

By Her Majesty's command,

EDWARD CARDWELL.

JULY, 1873.

Cl. 84.—Royal Warrant—Compassionate Allowances to the Sons or Daughters of Deceased Officers.

VICTORIA R.

WHEREAS we deem it expedient in certain respects to amend the provisions of Article 1061 of our Warrant of 27th December, 1870, regulating the award of compassionate allowances to the sons or daughters of deceased officers:

Now our will and pleasure is that the said Article shall, on and after the date of the present Warrant, stand revised as follows:—

1061. Compassionate allowances may be given to the legitimate children of deceased officers whose widows are placed on the pension list, or would, if they had been living at the time of the officer's death, have been entitled to be placed on the pension list.

The allowances shall be granted according to the scale in Column D of the Schedule in Art. 1045, if the widow shall be (or would have been) entitled to the pension in Column A; according to the scale in Column E, if the widow shall be (or would have been) entitled to the pension in Column B; or according to the scale in Column F, if the widow shall be (or would have been) entitled to the pension in Column C.

It shall, however, be shown that the children have no other allowance, pension, or provision from the Government; and that their pecuniary circumstances, and those of their family, are so limited that they actually require assistance from the Compassionate Fund.

The allowances shall not be granted to officers' sons over the age of eighteen, nor to officers' daughters over the age of twenty-one, except in very special cases in which it shall be shown that the sons or daughters became afflicted during the officer's life with some mental or bodily infirmity rendering them dependent upon him, and permanently incapable of making any exertion for their own support; and that such incapacity dates from a period before the children reached the limit of age, as above laid down, and that they are still in distressed circumstances.

Given at our court at Windsor, this 27th day of June, 1873, in the 37th year of our reign.

By Her Majesty's command,
EDWARD CARDWELL.

Cl. 85.—Establishments of the Army for 1873-74.

(Issued as a Special Army Circular, on 14th June, 1873.)

Her Majesty has approved of the following establishments for the undermentioned corps from the 1st April, 1873. (For detail, see Army Circular.)

Cl. 86.—Numbering of Soldiers of the Infantry of the Line.

(Issued as a Special Army Circular on 5th June, 1873.)*

1. Recruits for the Infantry of the line will in future be numbered according to the brigade into which they first enlist, or to which, if enlisted for general service, they are first posted, and they will not be designated by regimental or battalion numbers, as heretofore. It is the duty of the officer commanding the brigade (and not of the officer commanding either of the linked battalions) to assign brigade numbers to recruits or transfers.

2. Each new recruit or transferred man will be designated by the number following that of the last recruit or transfer to the brigade.

3. This number will not be changed while the soldier remains in the brigade, wherever he may be serving, and if he is transferred, discharged, deserts, or dies, it will not be given to any other man of the brigade.

4. In all documents relating to the soldier, his number will invariably precede his name.

5. Transfers will, on joining a new brigade, be given a new number, as has hitherto been the case with transfers from regiment to regiment.

6. The series of numbers for the men of a brigade will commence with the first recruit enlisted for the brigade, who will be numbered "1," and a fresh series of

* Attention is called to paragraphs 1 and 6, which have been altered, and to paragraphs 8 and 9, which have been added since these instructions were issued as a Special Army Circular, dated 5th June, 1873.

ARMY CIRCULARS—continued.

numbers will not hereafter be adopted except with the approval of the Secretary of State for War.

7. When recruits are enlisted at, or soldiers of other brigades are transferred direct to, either of the linked battalions, care must be taken by the officer commanding the battalion, whether at home or abroad, that the names of the soldiers so enlisted or transferred are reported in a list to the officer commanding the brigade depôt, who will allot to them the next vacant brigade numbers, and will return the list with the proper number affixed to each name.

8. The regimental numbers which now belong to the soldiers of the linked battalions of a brigade will not be affected by the present Circular, but the series of those regimental numbers cease with the last number recorded in each battalion prior to the formation of the brigade.

9. The regulations contained in this clause are to be carried out, whether the brigade depôt be formed or not.

10. Paragraphs 36, 37, 38 and 39, Clause 124, Army Circulars, 1869, will no longer apply to the Infantry of the Line.

Cl. 87.—Regulations for Married Soldiers—Ration Allowance.

1. When a soldier embarks for foreign service, his family, if ordered by competent authority to be left behind, will only be permitted to draw ration allowance under §§ 49 and 50, Clause 53, Army Circulars, 1871, until the date of their actual embarkation to rejoin such soldier: or, in the event of their declining or being unable to embark, whether from illness or other causes, until the date on which the passage shall have been offered to them.

2. Accountants by whom ration allowance is issued will specially report to the Secretary of State for War the names of all who may have been in receipt of such allowance for three months, in order that passages may be provided for them.

3. Ration allowance granted under § 51, Clause 53, Army Circulars, 1871, will only be issued to the families remaining at home of European non-commissioned officers and men of West India regiments, so long as the soldier continues to serve on the West Coast of Africa. On his return to the West Indies from the Coast the allowance will not be issued beyond the date of the embarkation of his family to rejoin him; or, in the event of their declining or being unable to embark, beyond the date on which the passage was offered.

4. Families of soldiers returning home from foreign stations in consequence of ill-health, or for their own convenience, will not be entitled to ration allowance.

CONTROL SERVICES.**Cl. 88.—Forage Allowance.**

When the issue of forage, or the money allowance in lieu thereof, is made to departmental officers who only draw forage or forage allowance when their duties require them to be mounted, the words "were actually kept by us" may be omitted from the certificate on War Office Form No. 648.

Cl. 89.—Ammunition Pouches for Artillery.

1. Leather ammunition pouches of the pattern specified in Section 2465 of the List of Changes of Patterns, issued with the Army Circular, dated 1st July, 1873, will be supplied to batteries of the Royal Horse and Field Artillery. Each battery will be furnished with 12 pouches, but it will not be necessary that any special demand should be made for their supply.

2. On the pouches of the new pattern being received, those at present in use, together with the pouch-belts, will be returned into store.

3. The pouch-belts mentioned at page 12 of the Personal details of Equipment, issued with Clause 146, Army Circulars, 1872, should be struck out.

Cl. 90.—Dubbing for Squad Bags.

1. Regiments supplied with squad bags made of brown leather (Art. 74 of the Equipment Regulations) will be allowed, for the purpose of preserving the leather, half-a-pound of dubbing for each bag annually.

2. The dubbing required for the current year will be drawn on 1st September next, and annually, in future, on the 1st March in each year.

ARMY CIRCULARS—continued.**Cl. 91.—Implements—Fuze Sets.**

As Pettman's general service percussion fuzes are used with 80- and 64-pr. R.M.L. guns, the words "key, iron plug, general service," inserted in the detail at the foot of page 6, Part I., Corps Equipment, published with the Special Army Circular dated 2nd January, 1873 (Clause 11, Army Circulars, 1873), should read "key, iron, fuze and plug, general service," this latter implement being applicable to both the R.L. percussion and to Pettman's general service fuzes.

Cl. 92.—Meteorological Instruments.

The cost of meteorological instruments will in future be provided in Vote 12 of the Army Estimates. Those now in possession of the Medical Department will be brought on charge by the Control Department, and will be issued on inventory to the officer of the medical staff entrusted with the observations required to be made by Clause 29, Army Circulars, 1872.

Cl. 93.—Prices of Filled Gun Cartridges and Small Arm Ammunition.

1. Tables showing the present prices of filled gun cartridges and small arm ammunition are issued as an Appendix to this clause.

2. The priced vocabulary of stores used in her Majesty's Service, promulgated by § 10, clause 198, Army Circulars, 1871, will be corrected accordingly from the 1st July, 1878.

Cl. 94.—Transfer of Expense Stores.

The following will be substituted for Article 128 of the regulations for the Control Department (Revised Army Regulations, vol. iv.) :—

128. When a transfer of expense stores takes place, the controller will depute a competent officer to conduct and witness the transfer, unless an officer shall have been specially nominated for this duty by the Secretary of State for War. The officer appointed to conduct the transfer will be assisted by the officer giving over charge, and by the officer receiving over the charge of the stores, and they will be guided by the following instructions :—

1. The duties connected with the transfer of expense stores will commence with stock taking, and will be continued, except on Sundays, day by day without intermission until the transfer shall have been completed.
2. In carrying out these duties such measures only will be resorted to for ascertaining the weight, measure, or tally of the several articles of store as may be satisfactory to the officer conducting the transfer, it being requisite that no unnecessary minutiae should be allowed to impede the speedy completion of the service.
3. Proper steps will be taken to suspend, as far as possible, all transactions during the transfer, except exchanges of stores rendered necessary by fair wear and tear.
4. In districts where contractors are employed to wash bedding, &c., notice will be given to them that on the date fixed for the commencement of the transfer, the whole of the articles in their possession must be washed and returned to the various stations, and from each station a certificate will be sent to the controller of the district to the effect that the whole of the articles due thereto have been returned. These certificates will be handed over to the officer conducting the transfer and placed in the office records.
5. If, however, this course be found inconvenient or impracticable, on account of the extent of the transactions of the contractor who washes for the station where the transfer is about to take place, a return of all articles due by the contractor on the date fixed for the commencement of the transfer will be called for from each station for which he washes. Notification will also be given to the contractor, and the transfer officers will ascertain the stock actually in his hands on the date above referred to, and at once report any stores found surplus or deficient.
6. In districts where a government laundry is established, the same course will be adopted, but it will be only under very exceptional circumstances (which must be reported) that the entire clearance of the laundry can be dispensed with.
7. In a district composed of several and distinct barracks, each having separate store-houses, the officer receiving over charge will be considered responsible for any transactions which take place after the last day of stock taking at each barrack, attention being given to the directions in paragraph 3.

ARMY CIRCULARS—continued.

8. Particular care will be taken to rule a line over all blank spaces in the totals of the inventories, the abstract of inventories, and of the collected account, when they have been verified.
9. No erasures will be made in the books and documents connected with the transfer; but any necessary alterations will be effected by striking through the figures and inserting the correction above them. Any alterations in the collected account must be initiated by the officer receiving charge of the stores.
10. The officers appointed to conduct the transfer will be held strictly responsible that all the articles specified in the collected account (except those on inventory) have actually been produced to them.

Instructions for the Officer giving over charge of the Stores.

11. The officer about to be relieved, upon receiving notification that a transfer is to be made, will at once take steps to *verify* and renew the inventories with the troops, &c., and see that they are in every respect correct.
12. The inventories will be made out *in duplicate* and signed by the officers who are responsible for the stores *at the date of transfer*. One will belong to the officer or other person signing the inventory, the other will be retained as the office copy.
13. On the return of the inventories duly signed, the officer giving over charge will cause the total of each inventory to be entered on a separate line in War Office Form 1411, which will be designated "Abstract of Inventories." At the end of this abstract a certificate will be given, by the three officers concerned in the transfer, that they have verified the same with the totals of the inventories. The total of this abstract will be carried into the collected account referred to in § 16.
14. This abstract of inventories will be made out in duplicate. One copy will be forwarded to the War Office, with the report of the witnessing officer, and the other will be retained as an office copy.
15. In preparing for the transfer, strict care will be taken that no item of store be found in more than one place in each barrack, the only exception allowed being where a separate dirty bedding store is kept.
16. Three transfer returns of stores (on W. O. Form 1411) will also be prepared, by inserting on separate lines the name of each store-room, in each barrack, in which stores will be found, and ruling also a column for the insertion of the date on which stock is taken. One of these returns will be furnished to the witnessing officer (which will form his day book, and be forwarded to the War Office), and one each to the officers giving over and receiving charge of the stores. No figures will, however, be inserted until each article of store is counted. The total of this day book will then be carried into the collected account (W. O. Form 1411). These returns, after having been verified, will be signed by the three officers concerned in the transfer.
17. The collected account (W. O. Form 1411) will be prepared in duplicate only, by inserting on—

Line 1. "In store."

2. Abstract of inventories.
3. Total on charge as per remain.
4. Total on charge as per ledger.
5. Stores found surplus.
6. Stores found deficient.

After the necessary figures have been inserted, it will be signed by the whole of the officers concerned, the officer receiving charge of the stores certifying as laid down hereafter. One of these collected accounts will be for the officer conducting the transfer to transmit to the War Office, the other will be retained as an office copy.

18. The ledger should be closed and balanced on the first day of stock taking.

Transfer Instructions for the Officer receiving Charge of the Stores.

19. The officer taking over charge will be careful to see that the inventories of the stores in possession of the troops are signed by the officer responsible for the stores *at the date of transfer*, and he will be held strictly responsible for any discrepancy, if he assumes charge upon an inventory either of an old date or with interpolations in it. He will not be required to count the stores in possession of the troops, the inventories verified and re-signed *up to the date of transfer* being sufficient for him to accept as one part of his charge. He will, however, count the stores in the different store-rooms in presence of all persons concerned.

ARMY CIRCULARS—continued.

20. The officer will consider himself in charge of all duties connected with the station from the last day of stock taking.
21. The officer will also sign a certificate on the collected account acknowledging himself "to have been placed in possession of the whole of the stores shown on line 3 of this and preceding pages."

Instructions for the Officer conducting and witnessing a Transfer.

22. It being the duty of the officer giving over charge to revise and renew the inventories with the troops before the arrival of his successor, and to see that they are in every way correct, it will not be necessary that the officer conducting the transfer should count the stores in possession of the troops, the inventories renewed and re-signed up to date of transfer being sufficient vouchers from which to form a total of the abstract of inventories to be carried into the collected account.
23. On completion of the transfer, a list of stores found surplus or deficient will be made out and delivered to the officer giving over charge, with a request that he will furnish an explanation of the several items, and transmit it through the controller to the War Office as soon as possible.
24. The abstract of inventories, the collected account, and the officers' day book, will be transmitted to the Surveyor General of the Ordnance, with any remarks the officer conducting the transfer may have to make.
25. When the Surveyor General of the Ordnance does not appoint an officer from the War Office to conduct the transfer, the witnessing officer will transmit the above-mentioned documents through the controller of the district to the War Office.

Clauses 30 and 72, Army Circulars, 1867; Clause 90, Army Circulars, 1868; and Clause 100, Army Circulars, 1870, are hereby cancelled.

Cl. 95.—Quinquennial and Transfer Remains of Reserve Stores.

1. The following will be substituted for paragraphs 123, 124, 125, 126 and 127 of the regulations for the Control Department (Revised Army Regulations, Volume IV.):—

Quinquennial Remains.

123. Once every five years, dating from the year in which a transfer remain shall have been taken, the controller will cause a complete remain, or stock-taking of all stores in the reserve depôts in his district to be effected.

The quinquennial remain will be taken in time to enable the controller to forward the proceedings, and his report thereon, to the Secretary of State for War, not later than the month of October.

124. For this purpose the controller will apply to the officer commanding to appoint a duly qualified officer to act on behalf of the Secretary of State for War, unless it shall have been notified to the controller that an officer has been specially nominated by the Secretary of State. The letter of appointment will be written in accordance with instructions printed in Appendix No. 2, and will be signed by the officer commanding.

125. The officer appointed to take the remain will be assisted by the outgoing commissary or his representative, and by the incoming commissary, and will be guided by the following instructions:—

- a. The remain will proceed day by day, without intermission (except Sundays, or under very special circumstances, which are to be noted in the day books hereafter referred to); and if any short interval during the day be found necessary to be given to the labourers employed on this duty for refreshments, it will be occupied in getting up the books, so that when the tally ceases, the account may be immediately rendered.
- b. In carrying into execution this duty, such measures only will be resorted to in ascertaining the weight, measure, or tally of the several articles of store as may be satisfactory to the officer employed in taking the remain; it being requisite that no unnecessary minutiae should be allowed to impede the speedy completion of the service. The officer taking the remain will note in his day book, and at the end of the collected account, any instances in which the actual tale, weight, or measurement of articles has not been resorted to, as well as the particular course taken in all such instances for arriving at the quantities returned in the collected account.
- c. Every day's work will be entered in separate day books which will be kept by the officer appointed to take the remain, and by the commissary in charge, and will be examined and signed daily by both officers. The commissary in charge will furnish books for the purpose.

ARMY CIRCULARS—continued.

- d. A remain ledger will be kept for the purpose of obtaining a total of each description of article, and for the entry of all receipts and issues occurring in the course of the remain by which the total may be affected. This ledger will be prepared prior to the commencement of the remain, and will be posted from the day book of the commissary, and examined daily, with the day book of the officer appointed to take the remain.

Collected accounts will be prepared in duplicate by the commissary or other officer of the Control Department at the same time as the remain ledger is prepared; the totals only being left to be filled in at the close of the stock-taking and at the balancing of the remain ledger, so that the account may be immediately rendered as directed in paragraph a. The station and transcript ledgers will be balanced on the same date as the remain ledger; and the collected accounts will show the total of every article in store and actually in charge of the commissary on the day the stock-taking closes, and the articles will be arranged in the remain ledger and collected accounts according to the authorized classification and nomenclature. Spaces will be left in the remain ledger and collected accounts for the insertion of any new descriptions of articles which may be received during the progress of the remain. The officers concerned in taking the remain will sign the collected accounts, and the commissary in charge will give a receipt on each account, acknowledging himself to be in possession of all the stores therein enumerated. One copy of the account will be left with the commissary in charge; the other copy, as well as the day book of the officer appointed to take the remain, will be forwarded by that officer to the controller, for transmission to the Secretary of State for War, except when an officer has been specially appointed by the Secretary of State to conduct the remain, in which case the account will be forwarded by that officer direct to the War Office.

- e. As remains are not intended to include surveys of stores, it will be sufficient in respect to any articles, which appear to be in a worse condition than that in which they stand on charge, that they be laid aside or marked for the purpose of being submitted to the next half-yearly Board of Survey, see Articles 145 to 153; but, nevertheless, they are to be taken in the remain as they stand on charge, and so included in the collected account.
- f. In addition to the detailed list of stores taken on the remain, the officer taking the remain will transmit a separate list of any of the articles included in the detailed list which may be considered to be *obsolete*, or which, in all probability, will not be required for the service. He will note on this list the reasons for arriving at such conclusion.
- g. He will also insert at the end of the collected account a statement of all the official books, articles in use, fixtures, and furniture, in charge of the commissary.
- h. He will also prepare a list showing any discrepancies between the ledger and the actual stock at the close of the stock-taking, and will request the responsible officer to furnish explanations of the several items, and to transmit them through the controller to the War Office without delay.
- i. He will be responsible that the articles specified in the collected accounts have been actually produced to him, or in the case of stores held on loan or inventory, that statements thereof, duly signed by the persons having the stores in possession, are produced to him, and that copies of these statements are entered in the day books.

Transfer Remains.

126. When a transfer of the charge of stores in a reserve dépôt from one commissary to another takes place, a complete stock-taking or remain of all stores in charge of the outgoing officer will be held in order that the responsibility of the outgoing officer may be determined, and the stock for which the incoming officer will be responsible may be ascertained.

127. For this purpose the controller will apply to the officer commanding to appoint a duly qualified officer to act on behalf of the Secretary of State for War, unless it shall have been notified to the controller that an officer has been specially nominated by the Secretary of State. The letter of appointment will be written in accordance with instructions printed in Appendix No. 2, and will be signed by the officer commanding. The officer appointed to take the remain and to witness the transfer will be assisted by the outgoing commissary or his representative, and by the incoming commissary. In taking stock he will be guided by the instructions contained in Article 125, with the

GENERAL ORDERS,

THE FIELD MARSHAL COMMANDING IN CHIEF.

1st JULY, 1873.

50. Musketry Instruction—Use of the

G.O.

Backsight, and Position in Skirmishing.

51. Acting Non-Commissioned Officers—Number to be allowed.

G.O. 49.—Staff College.

The last paragraph of Art. II. of G.O. 14, of 1873, is hereby cancelled, and candidates for admission to the Staff College, who are serving in the United Kingdom, will be examined on the 23rd of July, at the head quarters of the district in which their corps is stationed.

G.O. 50.—Musketry.

I. Soldiers who are desirous of using the bar instead of the notch of the backsight of the Snider rifle at distances beyond 400 yards may be allowed to do so, the sliding bar being reversed by the regimental armourer, who will also draw a fine line from the notch to the top of the bar to indicate the centre.

II. The following will be substituted for para. 56, page 210, "Rifle Exercises and Musketry Instruction."

56. The men may fire in any position, but must not load until they are in position with their front clear, whether advancing or retiring.

G.O. 51.—Acting Non-Commissioned Officers.

As much diversity of practice exists in regard to the number of lance serjeants and lance corporals permitted to be employed in regiments of Cavalry and battalions of Infantry, His Royal Highness the Field Marshal Commanding in Chief is pleased to direct that the number shall, in future, be restricted to one lance serjeant and three lance corporals for each troop or company.

This limit is not to be exceeded except under the special sanction of general officers commanding, who are hereby authorized, in cases of well-ascertained necessity, to sanction a small temporary increase. The proportion of acting bombardiers in the Royal Artillery, and of lance corporals in the Royal Engineers, will be regulated according to circumstances by the respective deputy adjutants general of these corps.

By command,

RICHARD AIREY,

Adj. Gen.

SOLDIERS' BALANCES UNCLAIMED.

IN pursuance of the "Regimental Debts Act, 1863," notice is hereby given, that Her Majesty's Principal Secretary of State for the War Department has available, for distribution amongst the Next of Kin or others entitled, the sum of money set opposite to the name of each of the deceased soldiers named in the list which is published with this notice in the "London Gazette" and the "Army List," and is also to be seen at the Quarters of the several Staff Officers for the Recruiting and Pension Service throughout the United Kingdom.

Applications from persons supposing themselves entitled as Next of Kin should be addressed by letter to "The Under Secretary of State, War Office, London, S. W.," and marked outside "Soldier's Effects."

No application can be attended to which does not state the date and place of the soldier's birth, enlistment and death, and the name of his regiment; his regimental number should also be stated if known.

Should these particulars furnished by the applicant not agree with the facts recorded on the War Office documents relating to the deceased soldier, the applicant will be so informed; but should they agree therewith, then within three calendar months the Secretary of State will furnish the applicant with the usual requirements needed for the proof of the alleged relationship.

The application must be authenticated by the signature of the applicant, and his name should be affixed in the presence of the clergyman, or one of the churchwardens of the parish, or a justice of the peace; the applicant's address, with the name of the post town, must also be clearly stated. No personal application can receive attention.

Further lists will from time to time be published, and therefore it will facilitate the applicant's inquiries to give the number and date of the notice in which the deceased soldier's name appeared. Dated 31st day of December, 1872.

By Order of the said Principal Secretary,

J. C. W. VIVIAN.

NOTE.—A copy of this Notice is to be seen at the Quarters of the several Staff Officers for the Recruiting and Pension Service throughout the United Kingdom.

FOREIGN ORDERS.

The attention of Officers is drawn to the following REGULATIONS which are those now in force respecting FOREIGN ORDERS and are to be strictly adhered to.

1. No subject of Her Majesty shall accept a Foreign Order from the Sovereign of any foreign country, or wear the Insignia thereof, without having previously obtained Her Majesty's permission to that effect, signified by a Warrant under Her Royal Sign Manual.

2. Such permission shall not be granted to any Subject of Her Majesty, unless the Foreign Order shall have been conferred in consequence of active and distinguished Service before the Enemy, either at Sea or in the Field; or unless he shall have been actually and entirely employed, beyond Her Majesty's Dominions, in the Service of the Foreign Sovereign by whom the Order is conferred.

3. The Intention of a Foreign Sovereign to confer upon a British Subject the Insignia of an Order, must be notified to Her Majesty's Principal Secretary of State for Foreign Affairs, either through the British Minister accredited at the Court of such Foreign Sovereign, or through His Minister accredited at the Court of Her Majesty.

4. If the service for which it is proposed to confer the Order has been performed during War, the Notification required by the preceding Clause must be made not later than two years after the exchange of the Ratifications of a Treaty of Peace.

If the service has been performed in time of Peace, the Notification must be made within two years after the date of such service.

5. After such Notification shall have been received, Her Majesty's Principal Secretary of State for Foreign Affairs shall, if the case comes within the conditions prescribed by the present Regulations, and arises from naval or military Services before the Enemy, refer it to Her Majesty's Principal Secretary of State for the War Department previously to taking Her Majesty's pleasure thereupon, in order to ascertain whether there be any objection to Her Majesty's permission being granted.

A similar reference shall also be made to the Field Marshal Commanding in Chief, if the application relates to an Officer in the Army, or to the Lords of the Admiralty, if it relates to an Officer in the Navy.

6. When Her Majesty's Principal Secretary of State for Foreign Affairs shall have taken the Queen's pleasure on any such application, and shall have obtained Her Majesty's permission for the person in whose favour it has been made to accept the Foreign Order, and wear the Insignia thereof, he shall signify the same to Her Majesty's Principal Secretary of State for the Home Department, in order that he may cause the Warrant required by Clause 1 to be prepared for the Royal Sign Manual.

When such Warrant shall have been signed by the Queen, a Notification thereof shall be inserted in the Gazette, stating the service for which the Foreign Order has been conferred.

7. The Warrant signifying Her Majesty's permission may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms.

8. Every such Warrant as aforesaid shall contain a Clause providing that Her Majesty's licence and permission does not authorize the assumption of any style, appellation, rank, precedence or privilege appertaining to a Knight Bachelor of Her Majesty's Realms.

9. When a British Subject has received the Royal permission to accept a Foreign Order, he will at any future time be allowed to accept the Decoration of a higher Class of the same Order, to which he may become eligible by increase of rank in the Foreign Service, or in the Service of his own country; or any other distinctive mark of honour strictly consequent upon the acceptance of the original Order, and common to every person upon whom such Order is conferred.

10. The preceding Clause shall not be taken to apply to Decorations of the Guelphic Order which were bestowed on British Subjects by Her Majesty's predecessors, King George IV. and King William IV., on whose heads the Crowns of Great Britain and of Hanover were united.

Decorations so bestowed cannot properly be considered as rewards granted by a Foreign Sovereign for services rendered according to the purport of Clause 2 of these Regulations. They must be rather considered as personal favours bestowed on British Subjects by British Sovereigns, and as having no reference to services rendered to the Foreign Crown of Hanover.

REGULATIONS RESPECTING MEDALS

GRANTED FOR ACTS OF BRAVERY IN SAVING LIFE.

40069

17

THE FIELD MARSHAL COMMANDING IN CHIEF having sanctioned Medals granted for acts of bravery in saving life being worn in Uniform, whenever a Society may consider any officer, non-commissioned officer or soldier entitled to receive a Medal, the decoration, together with a statement of the act of bravery performed, should be sent to the Adjutant General to the Forces, in order that the recipient's name may be registered, and the necessary authority issued for the distinction to be worn.

These Medals will be worn on the *Right Breast*.

REGULATIONS RESPECTING FOREIGN MEDALS.

148

533 & 610

1. Applications for permission to accept and wear Medals which, not being the decoration of any Foreign Order, are conferred by a foreign Sovereign on British subjects in the Army or in the Navy for military or for naval services, should be addressed, as the case may be, to the Commander in Chief or the Lords of the Admiralty, who, if they see fit, may submit the same to Her Majesty's Principal Secretary of State for Foreign Affairs for Her Majesty's sanction; upon obtaining which they may grant such permission without any other formality.

2. Any British subject is at liberty to accept and wear a Foreign Medal, not being the decoration of a Foreign Order, bestowed by competent authority for acts of bravery in saving human life. An officer, soldier, marine or sailor must, however, first obtain permission from the Commander in Chief or the Lords of the Admiralty, as the case may be.

3. No permission is necessary for accepting a Foreign Medal, if such Medal is not to be worn.

CONTROL SERVICES.**CL. 104.—Services performed by one Department for another.**

(Issued as a Special Army Circular, on 14th July, 1873.)

1. The Secretary of State has decided that stores purchased, or work performed, by one department of the Army for another, shall, as far as may be practicable, be charged to the vote for the department which provides the articles or performs the work. The following rules in reference to the Royal Engineer and Control Departments will accordingly be observed in future:—

Royal Engineer Department Services performed by Control Department.

2. The Commanding Royal Engineer will annually furnish the local controller with statement (W. O. Form 1563, see Appendix) in duplicate of the number and quantity

ARMY CIRCULARS—continued.

of any of the articles of general store and field equipment (including drawing and surveying instruments, and the stores for the instruction of the troops in field works), which will probably be required from the Control for the Royal Engineer Department during the ensuing year. At Malta, Gibraltar, Bermuda, Halifax, the West Indies, and at Home Station, the statement will be furnished to the controller by the 1st September, at other stations by the 1st August. At Woolwich, Portsmouth, Devonport, and Chatham, the statement will be furnished to the controller, Royal Arsenal, Woolwich, or to the gun wharf, as the case may be. Commanding Royal Engineers abroad can obtain from the controller a list of the articles forming the reserve of articles of general store at the station.

3. At a home station the statement furnished to the controller will be based on the assumption that provision will be required for the whole of the services which the Commanding Royal Engineer may have been instructed from the War Office to detail. At a foreign station the statement will be based on the supposition that the services approved by the general officer commanding for insertion in the annual estimate will be carried out.

4. The controller will include in his annual demand the articles required by the Royal Engineer Department. He will with the demand forward the statement received from the Commanding Royal Engineer, and will show on it the average number of each article issued to the Royal Engineer Department during the three previous years.

5. The Commanding Royal Engineer will transmit with his annual estimate a copy of the statement furnished by him to the controller. This copy, when revised, will be forwarded from the War Office to the local controller, and will be his authority for the supply of the various articles on the requisition of the Commanding Royal Engineer.

6. At foreign stations transport for the Royal Engineer Department will be furnished by the Control Department on requisition from the Commanding Royal Engineer. In preparing his annual estimate the Commanding Royal Engineer will furnish the controller with a statement of the description and probable quantity of transport required by the Royal Engineer Department during the ensuing year. This statement will be dealt with similarly to the one furnished for articles of general store to be supplied by the Control Department.

7. At the expiration of each financial year, returns will be drawn up by the controller, of the articles of store, and likewise of the transport supplied to the Royal Engineer Department during the year. These returns, after being countersigned by the Commanding Royal Engineer in verification of their accuracy, will be forwarded by the controller to the War Office, with an explanation from the Commanding Royal Engineer should any discrepancy exist between the estimate and the expenditure.

Control Services performed by Royal Engineer Department.

8. The controller in each district or command will furnish the Commanding Royal Engineer during the month of September in each year with a statement (W. O. Form 1460, *see* Appendix) of such articles as the Control Department may wish the Commanding Royal Engineer to have made during the ensuing year.

9. The Commanding Royal Engineer will show on the statement the estimated cost of the articles required by the Control Department, and will transmit it with the detailed annual estimate, having first shown thereon the amount expended on similar services during each of the three previous years.

10. The controller will transmit with his annual demand a copy of the statement furnished by him to the Commanding Royal Engineer. This copy, when revised, will be forwarded from the War Office to the Commanding Royal Engineer, and will be his authority for the supply of the articles or services required, on the requisition of the controller.

11. The articles provided by the Royal Engineer Department on requisition from the controller will be included in the ordinary manner in the Quarterly Progress Reports for Works, care being taken to keep the items together.

12. Issues for unforeseen services specially authorized by the General Officer Commanding may be made by the Control or Royal Engineer Department, as the case may be, without previous reference to the War Office, but a return of all such issues will be furnished quarterly.

13. In the event of an unusual quantity of articles being required either by the Royal Engineer Department or the Control Department, full explanation of the cause must be given in the statements.

ARMY CIRCULARS—continued.

CL. 105.—Stores, &c., for the Instruction of Troops in Field Works.

1. Lists of tools and stores which may be supplied to Commanding Royal Engineers, for the instruction of the troops in field works (*vide* Paragraph 3, Clause 71, Army Circulars, 1871), are printed as an Appendix to this Clause (A).

2. Commanding Royal Engineers will forward an annual estimate to the control officer at the station for the articles required, in accordance with Article 108, Revised Army Regulations, Vol. IV. (Regulations for the Control Department).

3. Demands for these tools and stores will be sent by the Commanding Royal Engineer to the local controller in duplicate on W. O. Form 1615 (Appendix C.), except in the case of the home, southern, western and Chatham districts, when they will be made upon the controller, Royal Arsenal, or upon the controllers at the respective gun wharves, and care is to be taken that the information required in the several columns is duly furnished. This form is also to be used for the "Inventory" mentioned in Paragraph 5, Clause 71, Army Circulars 1871.

4. As it will not in all cases be necessary to demand the whole of the articles given in the Appendix, Commanding Royal Engineers will be guided by local circumstances, and demand only such articles as may be actually required. Should any articles be found necessary which are not specified in the Appendix, they will be entered on a separate manuscript requisition, and full particulars given as to the purpose for which they are demanded.

5. Garrison instructors will in future be supplied with the necessary instruments from the stock in charge of the Commanding Royal Engineer of the military district in which they are located, except in the case of Chatham district, where the supply will be met by the Commandant, School of Military Engineering.

6. When garrison instructors are appointed to stations at which companies of Royal Engineers are employed, one set of full size spar bridging stores will be provided for their joint use, if they can be made available.

7. As many of the articles have to be specially provided, a considerable time may elapse before supplies can be made.

8. Supplies for Volunteer Engineer Corps must be specially submitted. Those for the regular forces will be restricted to the following, viz:—

10. Lists of the stores to be issued to garrison instructors by the Control Department and Stationery Department, War Office, will also be found in the Appendix.

11. Demands for articles to be supplied by the Control Department, and held on inventory, will be made by the garrison instructor on the district controller, but the demands for stationery will be forwarded to the superintending officer for garrison in-

struction, Aldershot, for transmission to the War Office, on the dates laid down in Clause 133, Army Circulars, 1871.

12. Articles of the following descriptions, viz., nails, string, pieces of wood, &c., required by garrison instructors in carrying out their duties, may, provided they cannot readily be obtained from public stores, be purchased by those officers, but any tools necessary for making models must be obtained as before laid down, and be duly accounted for. The value of the articles and of the tools is not to exceed 5*l.* per annum for each instructor.

13. The bills for the articles will be sent to the controller for payment, and a statement countersigned by the controller will be rendered annually by instructors to the superintendent of garrison instructors, for transmission to the Director General of Military Education, showing the articles purchased, or obtained from store, and the necessity for procuring them.

2. A store of regimental and sea kit necessaries, sufficient for three months' supply, as well as clothing for the men of each of the detachments of Infantry composing the brigade depôt, and for the recruits expected to join, will be allowed upon application to the director of clothing, to whom all requisitions, accounts, and correspondence thereon, will be forwarded as laid down in Clause 80, Army Circulars, 1870.

3. Separate requisitions for clothing will be forwarded as directed in Article 40, of the Revised Royal Clothing Warrant, 1865 [W. O. Circular 891], for each of the detachments forming the brigade depôt; and the detachment for which the clothing is required will be distinctly stated at the top of each requisition.

4. Necessaries being of an uniform pattern, will not be demanded for any particular portion of the brigade depôt, but for the brigade depôt generally, at the periods given in Clause 132, Army Circulars, 1868.

5. Sea kit necessaries will be demanded in the same manner, but separately from the regimental necessaries.

6. Accounts of the receipt and disposal of the clothing supplied for each of the detachments of Infantry forming the brigade depôt, and accounts showing separately the receipt and disposal of the regimental and sea kit necessaries, supplied for the use of the brigade depôt, will be rendered at the periods referred to in paras. 10, 44, and 45 of the Instructions on Regimental Stores and Accounts issued with Clause 37, Army Circulars, 1870.

APPENDIX TO CLAUSE 109.**The Superannuation Act Amendment Act, 1873 (36 Vict. c. 23).**

TREASURY CHAMBERS,

20th June, 1873.

Sir,

I am directed by the Lords Commissioners of Her Majesty's Treasury to request you to call the attention of Mr. Secretary Cardwell to the Superannuation Act Amendment Act, 1873, which received the royal assent on the 26th of May last.

This act provides that "the commissioners of her Majesty's Treasury may, if they think fit, at any time before the 1st day of January, 1874, with the concurrence of the Civil Service Commissioners, and on application being made to them for that purpose by the head or heads of any public department of the state, declare by order or warrant that any person who has been appointed to a permanent situation in such department without a certificate from the Civil Service Commissioners after the passing of the said Superannuation Act, 1859, and before the 4th day of June, 1870, was so appointed through inadvertence on the part of the head or heads of such department, and without any default on the part of the person so appointed, and every person with respect to whom such order or warrant may be issued shall be in the same position as regards his claim to a superannuation allowance or gratuity, under the said Superannuation Act,

ARMY CIRCULARS : Appendix—continued.

1859, as he would have been in if he had been admitted into the Civil Service with a certificate from the Civil Service Commissioners."

I am desired to call your attention to the fact that the special powers conferred by the act will expire on the 31st of December next, and to request that all applications may be made with as little delay as possible, as every case will have to be investigated both by the Civil Service Commissioners and by this Board.

I am desired to observe that on the 2nd of July, 1859, my Lords caused to be transmitted to the principal public departments copies of their minute of the 14th June preceding, in which attention was called to the necessity of the Civil Service Certificate as a qualification for superannuation under the Superannuation Act, 1859, in the case of all persons appointed to the Civil Service after the 19th of April, 1859, and who do not hold their appointments directly from the Crown. The questions have been framed with a view to elicit evidence that the omission to comply with the statute was not intentional, but due to such inadvertence as the act excuses.

I am to request that the contents of this circular may be made known to the heads of the departments (if any) which are subordinate to your own, for which purpose additional copies of it can be obtained from the Treasury.

The Under Secretary,
War Office.

I am,
Your obedient Servant,
R. R. W. LINGEN.

ALTERATIONS IN MILITARY DISTRICTS.

CL. 50.

The following changes have been made in the military districts detailed in the Appendix to Clause 23, Auxiliary and Reserve Forces Circulars, 1873:—

The counties of Bedford and Hertford have been transferred from the Home to the Eastern District, and the county of Worcester from the Northern to the Western District.

CL. 51.

OFFICERS.

(Issued as a Special Auxiliary and Reserve Forces Circular, on 28th May, 1873.)

1. The following ranks in the Auxiliary Forces will be abolished from 1st June, 1873, viz.:—2nd Lieutenant; Cornet; Ensign.

2. Officers serving in these ranks on 31st May, 1873, will be styled Lieutenant, but will still hold their appointments subject to the provisions of Clause 9 of Auxiliary and Reserve Forces Circulars, 1872, in regard to examinations.

3. Subaltern officers appointed after the 31st May, 1873, will bear the rank of sub lieutenant, and will, on appointment, receive probationary commissions. They will hold the grade of sub lieutenant for two years, as is the case with subalterns of the Regular Forces. At the expiration of this period, if they have in the meantime passed the examination prescribed in Clause 9 of Auxiliary and Reserve Forces Circulars, 1872, they will, on the recommendation of the commanding officers of their respective regiments, be promoted to be lieutenants, and their commissions as such will bear the dates of their original appointments to the service.

4. The circumstances of the Auxiliary Forces not unfrequently render it necessary to appoint to higher commissions officers who have not served at all, or have not served the usual length of time, in the lower ranks. The preceding regulation is not intended to apply in such cases.

5. Officers appointed, after 31st May, 1873, to higher ranks without the usual length of service in the lower ranks, will hold *probationary* commissions until they have passed

AUXILIARY, &c. CIRCULARS—continued.

the examination prescribed in Clause 9 of Auxiliary and Reserve Forces Circulars, 1872, unless they possess the qualifications of service entitling them, under the provisions of the above-quoted clause, to hold their appointments without passing the examinations prescribed for others. After passing the prescribed examinations they will receive permanent commissions.

6. Permanent commissions will be issued to all substantive officers appointed between 31st March, 1872, and 1st June, 1873; such officers will, however, continue to hold their appointments subject to the provisions of Clause 9 of Auxiliary and Reserve Forces Circulars, 1872, as to examinations.

7. Sub lieutenants will wear a star as the badge of rank on the collar.

8. Sub lieutenants of Militia will receive during training the pay of lieutenants.

GYMNASTIC AND FENCING INSTRUCTION.**Cl. 52.**

1. Officers and men of the Auxiliary Forces, when not assembled for service under the Mutiny Act, will be permitted to receive instruction in gymnastics and fencing in the military gymnasia, when the gymnasia are not required for the regular classes, provided that they obtain the approval of the general or other officer commanding at the station, and that they comply with the following conditions:—

- (a.) Applications for permission to attend will be made through the officers commanding the regiments of Auxiliary Forces to which the applicants belong.
- (b.) Those who are desirous of receiving instruction in fencing will supply their own fencing materials, and all will provide themselves with gymnastic belts and shoes.
- (c.) The serjeant instructors will receive remuneration at the rate of one shilling a lesson (of one hour) for each class not exceeding 15 individuals.
- (d.) The superintendent of the gymnasium will appoint the instructors, one for each class, and decide how the remuneration is to be divided amongst them.
- (e.) Officers and men of the Auxiliary Forces must conform to the rules of the gymnasium, or the privilege of receiving instruction will be withdrawn.

RETURN OF ARTICLES INTO CONTROL STORES.**Cl. 53.**

In returning articles into control stores the following instructions will be observed, in addition to those contained in Clause 29, Auxiliary and Reserve Forces Circulars, 1873:—

1. When stores are returned by carrier, a carrier's note (W. O. Form 1223), detailing the number and description of packages, bundles and loose articles, and the number of articles contained in each bundle, will be delivered to the carrier. The weight of the stores will also be inserted.
2. Commanding officers, and other persons having charge of stores are responsible that all such stores are duly accounted for; it will therefore be necessary for them to obtain and produce receipts for every article returned into store.

Cl. 54.**UNIFORM.**

Every member of the permanent staff of the Artillery of the Auxiliary Forces who may attend the meetings of the National Artillery Association, at Shoeburyness, to watch the practice, will be required to appear in uniform.

MILITIA.**Cl. 55.—Honorary Rank.**

(Issued as a Special Auxiliary and Reserve Forces Circular, on 20th May, 1873.)

1. The following paragraph will be substituted for paragraph 3, Clause 30, Auxiliary and Reserve Forces Circulars, 1873:—

2. The rank will be purely honorary. It will not confer the right of any higher command than that to which the holder may be entitled by virtue of his substantive commission, and will not involve the issue of a new commission. Officers may, however, wear the distinctive badge of their honorary rank; but captains will not wear the scabbard and spurs of a field officer on parade or military duty except when they are performing the duties of a field officer.

AUXILIARY, &C. CIRCULARS—continued.

Cl. 56.—Examination of Militia Officers.

1. In order to ensure the examination of militia officers being conducted on an uniform system, the attention of general officers commanding districts, and of officers commanding sub-districts, is drawn to the latter part of § 32, Clause 9, Auxiliary and Reserve Forces Circulars, 1872, which directs that the examination shall be conducted according to the rules prescribed for the Army, so far as they may be applicable to the Militia.

2. These rules are laid down in G. O. 52 of 1871; but in the examination of Militia officers the subjects will be those specified in the certificates appended to Clause 32, Auxiliary and Reserve Forces Circulars, 1872, and the number of questions in each subject will be limited to fifteen.

3. The clauses and paragraphs of the Auxiliary and Reserve Forces Circulars, in accordance with which the examinations are held, will in all cases be quoted on the heading of the proceedings of the examining board.

4. The general officer commanding the district will invariably record his opinion of the result of each examination, and in the case of officers of Artillery Militia the officer commanding the Royal Artillery in the district will also place his opinion upon record.

5. The certificates when granted will in every case be appended to the proceedings of the board of examining officers, and on the final approval of the proceedings by his Royal Highness the Field Marshal Commanding in Chief, the certificates will be returned for distribution to the officers concerned.

Cl. 57.—Promotion of Officers of the Militia.

1. In estimating the eligibility of officers for promotion, the examinations passed will be considered in conjunction with the reports made by the commanding officer and inspecting officer. It is extremely desirable that officers should attend a school of instruction to learn their duty thoroughly; but it is to be understood that the possession of a certificate from a school of instruction will give no claim to promotion. Irrespective of other qualifications which are necessary for superior rank.

2. Paragraph 30, of Clause 9, Auxiliary and Reserve Forces Circulars, 1872, is hereby cancelled.

Cl. 58.—Permanent Staff of Militia Regiments.

(Issued as a Special Auxiliary and Reserve Forces Circular, on 6th June, 1873.)

The Secretary of State invites the attention of commanding officers of Militia regiments to the following regulations, which, in the opinion of his Royal Highness the Field Marshal Commanding in Chief, it is desirable should be observed in order that the staff of the Militia may be composed of efficient non-commissioned officers.

1. When the non-commissioned officers who form the present permanent staff are qualified for the effective discharge of the duties henceforth expected from them, they may be permitted to re-enrol at the expiration of their present period of service.

2. Men who have been discharged from the regular Army after twenty-one years' service should only be appointed to the permanent staff of the Militia when it has been found impossible to supply vacancies from the Army.

3. When vacancies occur, commanding officers should apply to the lieutenant colonel commanding the brigade dépôt for the services of non-commissioned officers of one of the line battalions of the sub-district, under the new brigade organization, who will make application to the officer commanding the line battalions concerned. In the event of there being no non-commissioned officers available, a report to that effect will be made to the general officer commanding the district, who, if in his power to do so, will supply the vacancy.

4. Serjeants of the Army who are now completing their service for pension on the permanent staff of the Militia, may be enrolled on the staff after being discharged from the Army.

5. In all cases of the enrolment of serjeants of the Regular Army, who are now completing their service for pension on the permanent staff of the Militia, and of the re-enrolment of the present members of the permanent staff, the serjeants must be willing to perform such military duties, within the brigade sub-district, as may be directed by the officer commanding the brigade dépôt or Artillery sub-district, and such engagement will be recorded on the attestation paper.

AUXILIARY, &C. CIRCULARS—continued.

VOLUNTEERS.

Cl. 59.—County Rifle Associations.

Application for permission to hold a meeting of a county rifle association, and for the issue of small arm ammunition, will be made (in duplicate), on W. O. Form 1579 given in the Appendix. General officers commanding districts will cause copies of the form to be supplied to the president or secretary of any association desirous of obtaining the necessary authority.

Cl. 60.—Rifled Gun Practice.

Artillery Volunteer corps when attending rifled gun practice, under the provision contained in Clause 42, Auxiliary and Reserve Forces Circulars, 1873, may do so either as corps or by detachments, provided that, in the latter case, a certificate be annexed to any claim made for the allowance mentioned in the clause above quoted, stating that such allowance is not claimed for any volunteer for more than one attendance.

Cl. 61.—Examination of Officers of Volunteers.

(Issued as a Special Auxiliary and Reserve Forces Circular, on 27th May, 1873.)*

1. In the case of combatant officers of Volunteers appointed before the 1st of April 1872, who are well reported on by their commanding officers, the written portion of the examination contemplated in the certificates of proficiency required by para. 43 of Clause 9, Auxiliary and Reserve Forces Circulars, 1872, may be dispensed with.

2. Inspectors of Auxiliary Cavalry, and Auxiliary Artillery, commanding Royal Engineers, officers commanding brigade depôts, and, in the home district, the assistant adjutant-general or other field officer acting for him, may also, in the cases of such officers, conduct the examination themselves, assisted by an adjutant of Auxiliary Forces or a captain of Regular Forces, instead of the examinations being conducted by a board, as prescribed by Clause 31 of the Auxiliary and Reserve Forces Circulars, 1872.

ARMY RESERVE.

Cl. 62.—Discharge of Men unfit for Service.

G.O. 52.—Staff Appointment.

Her Majesty has been pleased to appoint Major General Patrick Leonard McDougall to be a Deputy Adjutant General at head quarters, with a view to his being placed at the head of the Intelligence Department of the Army. Dated 1st April, 1873.

G.O. 53.—Staff.

Her Majesty has been pleased to appoint Major General Richard C. H. Taylor, C.B. to serve upon the staff of the Army in this country as Inspector General of Recruiting vice Major General Edwards, C.B., whose period of service in that appointment has expired. Dated 1st August, 1873.

G.O. 54.—Libraries and Recreation Rooms.

The copy of the quarterly report on libraries and recreation rooms, hitherto furnished to the Director General of Military Education, on W. O. Form 208, as directed by para. 1083 of "The Queen's Regulations and Orders for the Army," is no longer required to be transmitted, and the copy for the officer commanding the district is only required to be furnished *annually* on the 1st of January.

G.O. 55.—Musketry Instruction.

I. Instances having occurred of officers in possession of 2nd class certificates from the School of Musketry who have not been employed as assistant instructors of musketry being detailed a second time for instruction at Hythe, attention is called to para. 15, page 130 of the Rifle Exercises and Musketry Instruction. Commanding officers before recommending officers for further instruction at the above establishment will take care to satisfy themselves that the regulation in regard to this matter has been complied with, and specially report, through the prescribed channel, for his Royal Highness's information, that they have done so.

II. Sub-lieutenants are not to be brought forward for training at Hythe, but an exception to this rule will be made in the case of those promoted from the ranks.

III. Officers who, in future, do not obtain 1st class certificates of qualification when at the School of Musketry will not be eligible for the appointment of adjutant.

G.O. 56.—Marking of Baggage.

I. Reports have been received from India that baggage arriving in that country with troops frequently becomes lost or goes astray through not being properly marked.

II. The serious attention of all concerned is directed to G. O. 76 of 1872, and the strictest care is to be taken that no article of baggage is to be taken or sent for embarkation unless distinctly marked in paint with the name, rank and regiment of its owner of the corps to which it belongs.

III. Any package not so marked will run great risk of being excluded from the troop ship altogether.

By command,

RICHARD AIREY,

Adj. Gen.
